ENJOY Ensenada

Ensenada is famous for its beauty and the warmth of its people.

It is, without a doubt, a unique vacation destination.

Ensenada's main attractions are: The Cultural and Convention Center; The Blvd. Costero where you will find gold and silver jewelry, leather goods, pottery, designer clothing, hand crafted furniture, pewter, colorful piñatas, Cuban cigars, European perfumes, crystal and por-celain. Delicious cuisine highlighted by the city's typical dishes such as fish tacos and the seafood at the Mercado Negro (Black Market). Also famous for its nightlife. Remarkable among its celebrated spots is Hussong's Cantina, a great local tradition. Watch the big gray whales that migrate each year, traveling through the waters of the Pacific that border this beautiful city. La Bufadora, a magnificent marine geyser located 23 miles south of Ensenada. It is a natural wonder that throws foam, air and water more than 69 feet high. AND The Guadalupe Valle, with world famous wines.
